

Library Committee & Library Contact Info

THE LIBRARY COMMITTEE

A committee, composed of faculty members from each Department and a student representative appointed by the SGA, meets as needed to facilitate the dissemination of information between the Library and Library users. Faculty members are appointed for a two year term (June-May) by the Department/Program Chair. The student member is nominated by the student government for a one year term. Agenda items should be submitted to the Chairman or the University Librarian.
